2021: Year of the Crypto

Visual direction for the report: cover page design, illustrations on pages, data points as infographics, and layout.

Link: https://wazirx.com/blog/wp-content/uploads/2021/12/2021-Year-Of-The-Crypto-Report.pdf

2021 was the year when there were more searches for how to buy bitcoin on Google than searches for how to buy stocks worldwide. It was also the year when NFTs started making headlines and so did the news of several countries working towards crypto regulations or CBDCs.

As more people began to read about crypto and invest in this emerging alternative asset class, WazirX witnessed a massive surge in user signups leading to us crossing 10 Million users.

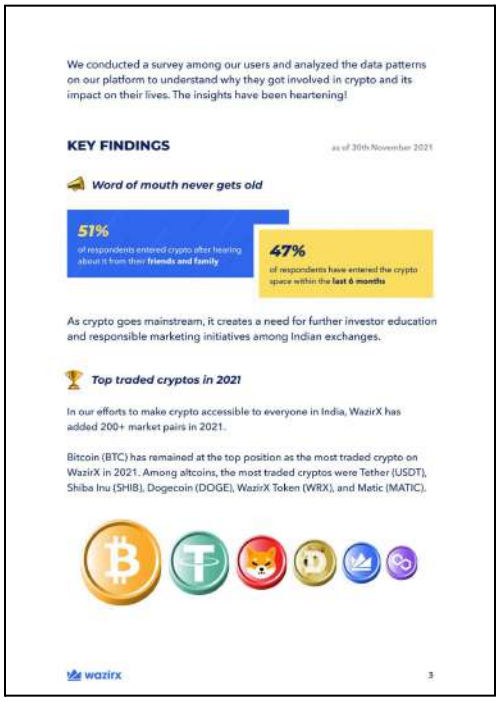
WazirX clocked a trading volume of over **$43 Billion USD in 2021**

which is **1735% more than 2020!**

Trading volume (in billion USD)

as of 30th November 2021

wazirx 2



We conducted a survey among our users and analyzed the data patterns on our platform to understand why they got involved in crypto and its impact on their lives. The insights have been heartening!

KEY FINDINGS

as of 30th November 2021

Word of mouth never gets old

51% of respondents entered crypto after hearing about it from their **friends and family**

47% of respondents have entered the crypto space within the **last 6 months**

As crypto goes mainstream, it creates a need for further investor education and responsible marketing initiatives among Indian exchanges.

Top traded cryptos in 2021

In our efforts to make crypto accessible to everyone in India, WazirX has added 200+ market pairs in 2021.

Bitcoin (BTC) has remained at the top position as the most traded crypto on WazirX in 2021. Among altcoins, the most traded cryptos were Tether (USDT), Shiba Inu (SHIB), Dogecoin (DOGE), WazirX Token (WRX), and Matic (MATIC).

AGE AND GENDER DEMOGRAPHICS

Growth in female signups 1009%

Growth in male signups 829%

We also observed that the overall participation of women in crypto has increased on our platform.

Youth loves crypto

66% users below 35 years of age

It shows that more people are relying on crypto as a hedge to protect their fiat portfolios against inflation.

Portfolio allocation

50% Crypto

44% of respondents shared that crypto consists of up to 10% of their overall investment portfolio.

Interestingly, only 11% of respondents in the age group of '51 years and above' said to have allocated over 50% of their total portfolio to crypto whereas the same is true for 29% of respondents in the age group of '18 - 24 years'.

51 years and above 11%

18 - 24 years 29%
